## LAST OLD VIC TRIP - MACHINAL

Just before half term we took our students to the **Old Vic for the last performance** in this years' educational program. The play this time was '**Machinal**' by **Sophie Treadwell**, based on a true story from 1928 about a woman being pushed to breaking point by the 'relentless machinery of life, expectation and convention'.

It was an incredible piece of theatre and, surprisingly, **the favourite of the four productions seen** throughout the year by the majority of our students. Ms Morley came with Miss Barnes and myself and we too were blown away by the whole production. It was, as it has been each time, a real privilege to see such amazing live theatre, and to be able to share it with our students who were, as always, **wonderfully behaved and a real credit to the college.**

Overall, everyone who was there **had a lovely time.**
